## Just bought a new Corvette? Or just love them? Welcome, you've come to the right place!

The Lone Star Corvette Club is dedicated to the Corvette lifestyle and the people that own them.

Our Club slogan says it all:

### Good Friends... Great Cars!

Founded in 1982, the Club now has over 1,000 members – each with his/her own story to tell of how they found that perfect “Vette.” Based in the Dallas – Fort Worth Metroplex, it offers just about any activity an owner of “America’s Sports Car” could want: Road Trips, Day Trips, Open Road Racing, Drag Racing, Autocross, NCRS (National Corvette Restorers Society), Car Shows, Displays and Parades, the Lone Star Corvette Classic, Club Meetings, and most of all, fun times with good friends.

**Road Trips** – Want to explore the wide open road? The Club takes at least one significant road trip each year, usually in conjunction with a Corvette event. A large group recently returned from a caravan to Eureka Springs, Arkansas, winning the club participation event at the show. Past trips have taken us to the Upper Peninsula of Michigan, the Barrett Jackson Auction in Scottsdale, Arizona, the National Corvette Museum’s 15th Anniversary Caravan to Bowling Green, Kentucky, and many more.

**Day Trips** – Want to enjoy North Texas? Just about every month finds a group of us headed somewhere in our Corvettes for a day of fun on the road. It might be for a tour of some local wineries, a trip to the Historic Fort Worth Stockyards for a cattle drive and BBQ, a car show being held by another Corvette club, a tour of members’ garages, or just a drive in the country to enjoy our cars and each other’s company.

**Open Road Racing** – Like to go fast in your Vette? Many Club members participate in Open Road Racing at events held in Big Bend, Texas and Arnold, Nebraska. In addition, several driving schools are offered in the DFW area where you can go to hone your driving skills. For more information, just “click” on [“Open Road Racing”](#).

**Drag Racing** – Want to “go fast”? Join the club Drag Racers. They compete at tracks around the Metroplex for trophies and bragging rights. Many members – both ladies and men – race cars (pickups too) in addition to Corvettes. No experience is required. For more information, just “click” on [“Drag Racing”](#).

**Autocross** – Want to sharpen your driving skills? Try autocross! An autocross is a timed competition where drivers navigate, one at a time, through a temporary course marked by traffic cones, usually in a parking lot. Autocross places more emphasis on car handling and driving skill than on sheer horsepower. For more information, just “click” on [“Autocross”](#).

**NCRS** – Want your older model corvette to be an accurate icon? Many Club members also belong to the NCRS – National Corvette Restorers Society. If you are into originality and the preservation of the Corvette as an icon, you will find many in the Club that share your passion. For more information, just “click” on [“NCRS”](#).

**Car Shows** – Love showing your Vette off or having it judged? On almost any weekend (except for a few in the winter), at least one group from the Club will be headed to either a local or an out-of-town car show. We usually caravan to the out-of-town shows as a group and use the trip as a good excuse to socialize and dine out together. The Club sponsors a group of members each year in the Dallas Autorama. On the first Saturday of each month, you’ll find a bunch of us at Cars & Coffee in Plano, “kicking tires” and telling tall tales about our cars.

**Displays and Parades** – Looking to share the Corvetter spirit? Every year we man a display of our cars in the Dallas New Car Show at the Convention Center. We also take a large contingent of Vettes to the State Fair of Texas. We’ve been asked in the past to drive Indy Car drivers around the Texas Motor Speedway’s oval before races. Christmas finds us backing up the bikers in the Great Texas Toy Run that benefits thousands of needy children in the area. The Dallas Veterans’ Day Parade has come to rely on the Club to provide cars and drivers for over 100 WWII Veterans each year. Ask any Club member who has participated and you will be told what an honor it is.

**Lone Star Corvette Classic** – In May of each year, the premier Corvette event in Texas is held at the Texas Motor Speedway by the Club. During its three day run, the “Classic” attracts hundreds of Corvettes and Corvette Club members from across the US and Canada. In addition, Corvette enthusiasts from around the area attend the event to take advantage of many different activities, including judged and Show N Shine indoor car shows, a variety of automotive vendors, good food, and exciting track events held on the Texas Motor Speedway’s oval and road course. 100% of the net proceeds from the Classic go to support the Club’s two main charities, The National Corvette Museum and Speedway Children’s Charities, and a third charity chosen from several candidates each year by Club members.

**Club Meetings** – We want you! The Club meets on the second Saturday of each month at various locations around the Metroplex. We would love to have you come to a meeting and “check us out.” I’d like to encourage you to further explore our website. A glimpse at the Club’s Event Calendar will give you a good overview of just how active and diverse our Club is. Just “click” on [“Event Calendar”](#).

If LSCC looks like a good fit, you can join and pay online. Just “click” on [“Join the Club”](#).

If you have any questions or would like some additional information about the Club, please contact me.

Sincerely,

GH Hodges  
President

Hold onto your steering wheels, because 2018 has us off to the fastest start I've ever seen. New office holders on the board have been ramping up on their new duties, and the Club calendar gets more colorful every day.

Thanks to **John Main**, Club Techology Officer for investing a great deal of his real job after hours time mastering the Club Express website system to bring the calendar up to date while also handling numerous how-to calls from other officers and coordinators needing help with the website. This is John's first officer experience, and he has grabbed that bull by the horns. We're lucky to have him.

The year was launched at **Corvette World**, which has become a very well attended annual tradition. The usual first Club event is the easy one-day **Cowtown Caravan** from TMS to Fort Worth Stockyards and lunch at a favorite eatery. That continues to be a favorite event, but this year our first Club activity was suggested and organized by Club member, **Clark Kirby**, who had the great idea of a gun range day that was a huge success. Clark instigated not only that event, but he also booked us for the weekend following the Cowtown Caravan for an adventure tour of the old Bankhead Highway on February 3<sup>rd</sup>. The 80 slots in that event were spoken for weeks ago, and a wait list has been added.

My point here is not only to salute the efforts of an enthusiastic member, Clark Kirby, but to illustrate how you too can have an immediate impact on the Club by proposing your ideas of a new activity. There seems to be a real desire among members for more of these one-day events. So, you too can do that by contacting the Recreational Events Officer, Tony Pittman. **Watch the Events Calendar!!**

Remember, the February meeting is an important one. **Rotating Charity** candidates will be presented.

**Great Cars and Good Friends!**

What a great start to the New Year and an amazing turn out at one of our favorite meeting sites, Corvette World. Thanks to all who ventured out on a cold morning for our meeting. It is always good to see so many new members at meetings, this is your club and the more active you are, the more enjoyment you will get out of your membership.

We often comment that participation in club events is a good way to really get to know your fellow members. Just ask many of the more tenured members and I am sure they would tell you, as I would, that getting involved in club trips has resulted in many close and long-lasting friendships. As you can see from the many activities discussed at our meetings, covered in the Newsletter and posted on our website, we have many opportunities for both short & longer club trips during the year. Keep checking those opportunities, find one that meets your interest and time constraints and join us on the road.

One of my duties as Vice President is the selection of our monthly meeting sites, which can be a challenge given the number of members who typically attend each month. With a membership spread across Fort Worth & Dallas our goal is to move our meetings to various areas of the Metroplex to accommodate as many members as possible. If you know of a restaurant or other possible meeting site, please let me know and I will inquire about their interest in hosting a club meeting.

We typically meet on the 2<sup>nd</sup> Saturday each month, but will periodically move a date to accommodate a conflicting club activity or support another club's car show. I want to advise of two such changes: 1. The March meeting will be moved to March 3 so as not to conflict with the Good Guys Spring show that will be held March 9 – 11, an event heavily supported by our volunteer efforts. 2. The June meeting will be moved to June 2 so as not to conflict with the NCCO All Corvette Show in Shawnee, OK. NCCO is a strong supporter of the Lone Star Classic, having won the Club Challenge the last several years.

Check the [LSCC website](#) frequently for details on our activities and meeting dates/locations.

**NCM News**

Two great events are coming up soon at the NCM, so I will give you information on those. Also, the 2018 Corvette model year has come to a close five months earlier than normal, so we have the production stats for you.

**NCM Bash – April 26-28**

Being the NCM’s largest event, it is definitely worth the trip to Bowling Green. But what makes it even better is that it is the back half of a great tour starting at the Hot Springs, Arkansas Corvette Weekend. Mike Krieger has put this together and more information on the entire trip is in this newsletter.

Bash 2018 will provide enthusiasts the chance to see the new 2019 Corvette Stingray and ZR1 up close as well as the getting all the latest information on the all new ZR1 Corvette.

As in past years there will be a large contingent of GM engineers and designers from Warren Tech Center, and the Bowling Green Assembly Plant ready to answer your every question. Back this year will be our Corvette Racing team with Doug Fehan, Paul Pearson with his 7th gen infotainment / navigation seminar as well as a presentation on our restored 1962 Sinkhole Corvette. Also back to Bash is our LT4 Engine building demonstration by BGAP Brian Lee and John Wurth.

Returning activities include a seminar and classroom sessions by GM certified Corvette Technician Paul Koerner. Enjoy guided road tours, two celebrity choice car shows, the Ladies’ Oasis, and the expanded Garage Party with women of the GM Corvette Team. The ladies will cover all aspects of Corvettes including maintenance, engineering and even high- performance driving (ladies only).

Registration is open now, and until April at [www.corvette-museum.org/explore/events](http://www.corvette-museum.org/explore/events).

**NCM LeMans Weekend @ NCM – June 16-17**

In the December newsletter I wrote about this viewing party of the 24 Hours of LeMans. Guess what? LSCC members Mark and Shellie Benton are going to attend. They say it is going to be a blast and want more club members to join them.

This is the next best thing to going to France. View LeMans commercial free on the 28-foot screen in the NCM’s Chevrolet Theater. In addition to viewing the race, registration includes breakfast Saturday and Sunday, lunch and dinner Saturday, snacks and refreshments. RV parking available or bring your sleeping bags, blankets and pillows for an all night stay.

More information and registration is at [www.corvettemuseum.org/explore/events](http://www.corvettemuseum.org/explore/events).

**2018 Corvette Production Stats**

2018 model year production began June 5, 2017 and ended January 28, 2018. During that time the plant was down for three months to upgrade the assembly line. So, 2018 production was for only five months, yielding 9,686 Corvettes.

I believe this may be the shortest production year in Corvette history. 1953 production was the shortest at about 6 months.

The 9,686 production number is well below the 2017 number of 32,782. The 2017 model was only produced for 10 months. Not surprisingly the 2018 total is the lowest model year production since 1959, when 9,670 Corvettes were built, all convertibles.

Looking at the final numbers for 2018 there are some interesting numbers – for example, Stingray, Grand Sport and Z06 were surprisingly close in totals produced. That and some other interesting facts:

- ☐ 39.3% Stingrays; 31.8% Grand Sport; 28.9% Z06
- ☐ 17.5% of Corvettes built were convertibles
- ☐ Automatic transmissions outsold manuals once again at 78%.
- ☐ The 1LT package was most popular for Stingray Coupes, while the 2LT was the top pick for Stingray Convertibles and Grand Sports. The 3LZ was again the most popular for Z06 models.
- ☐ Almost 30% of Z06s opted for the Z07 performance package.
- ☐ Arctic White once again topped the list as most popular color, and for the first time in several years – when you add the two ‘reds’ together, they don’t beat out white (just barely though)!

<b>Model</b>	<b>Total</b>	<b>%</b>
Stingray Coupe	3,068	31.7
Stingray Convertible	735	7.6
Grand Sport Coupe	2,569	26.5
Grand Sport Convertible	512	5.3
Z06 Coupe	2,353	24.3
Z06 Convertible	449	4.6
<b>Exterior Color</b>		
Admiral Blue	703	7.2
Corvette Racing Yellow	399	4.1
Blade Silver	571	5.9
Black	1,575	16.3
Watkins Glen Gray	1,115	11.5
Torch Red	1,355	14.0
Arctic White	1,966	20.3
Long Beach Red	599	6.2

## NATIONAL CORVETTE MUSEUM

There are 22 interior options, so I will not list them all, but some form of black led the way with 6,393, followed by Adrenaline Red 1,906, Gray 700, Kalamari 606 and Spice Red 81.

The NCM has complete numbers available. Just go to <http://www.corvettemuseum.org/learn/about-corvette/corvette-specs/2018-corvette/specs/>.

# Competitive Events

David Orrick, Competitive Events Officer

**Autocross** – the contract with Brookhaven College for this year has been signed and we start on March 17<sup>th</sup>. Autocross is a low speed event held in one of the parking lots at Brookhaven. It may look a little intimidating at first with all the cones everywhere, but once you figure it out, it's a lot of fun. We had many new participants last year and hope to see a lot of you there on the 17<sup>th</sup>.

Congratulations to 1<sup>st</sup> place Gary Swan, 2<sup>nd</sup> place John Slaughter, and 3<sup>rd</sup> place Rodney Johnson for the 2017 Autocross season results.

**Drag Racing** – will start up again in March. Watch for event dates on the Club website. After last years 1<sup>st</sup> place finish, I know that Martha and Alan Kaus are looking for more folks to join the 1320 group to ensure that we repeat as champions this season.

**Open Road Racing** – Big Bend is coming up April 18-21 and registration is full. This is not the only open road race that the group goes to during the year so if this sounds like something you would like to try, contact Mike Black at OpenRoad [Racing@LoneStarCorvetteClub.com](mailto:Racing@LoneStarCorvetteClub.com).

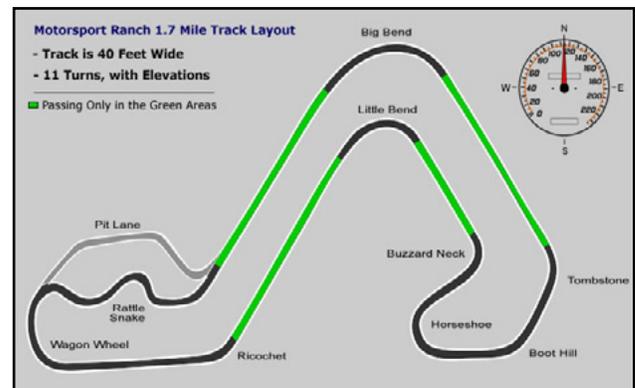

**High Performance Driving Education** – the Club day at Motor Sports Park in Cresson is happening on March 17<sup>th</sup>. If you have ever thought about trying a HPDE event you should definitely consider this one. This is not racing. You drive at your own pace and instructors will not force you into uncomfortable situations. This is performance driving education that will help you in your everyday driving, and on your next spirited drive down a curvy road. There are only a few spots left and the cost is just \$95. Contact [Mike Krieger](#) ASAP if you would like to get in on this event.

**Rally** – the Club does not sponsor rallies but I will be letting you know about the SCCA rallies this year. These are

mostly "gimmick" type rallies where you drive a course on normal city streets while following clues or answering questions. Check out the [Texas Region SCCA](#) website for more information on events.

**Special announcement:** Mike has arranged for us to try a club day at Motor Sports Park in Cresson. March 17<sup>th</sup> is the date. Bottom line is we must have 20+ cars to make this work with 32 cars max and it means putting money up front.... but it's much cheaper too....only \$95. The price is going up the first of the year but JC will hold the price for our group if we will commit to the date. Ladies will run separate from the guys in their own run group. Contact Mike ASAP as payment needs to be made the first of March. This is a one day event that you shouldn't miss.

Our other competitive events will start up again in March and April. Autocross had 46 different participants last season and we would like to see even greater participation this year. The drag racers won 1st place last season and they are always looking for more people that love to punch it when the light turns green so get your cars ready and come out and join in the fun.

Please watch the website for more information and updates.

There are many rare and unusual cars on display, including a Corvette station wagon!

Once the parade has begun, it does not stop unless in a case of an extreme emergency. Also, once the parade has started all occupants are to remain in their cars and not get in and out.

Glass containers of any type are not allowed.

All participants should be staged one hour prior to parade time.

# Club Track Day at Motorsports Ranch Cresson

[Mike Krieger](#) - HPDE Coordinator

This is an **entry level track day event** for all Beginners, First Timers or anyone else who wishes to drive their Corvette on a closed road without any worry about traffic, oncoming vehicles or even better yet, COPS! This is NOT RACING. I repeat, this is NOT RACING. It is a very low key High Performance Driveng Event, HPDE, where you will be on the track for two "Lead & Follow" Sessions and four "Open Track Sessions" (two for the ladies and two for the guys) and everyone will attend three "Classroom Sessions" to learn the basics of dynamic cornering and car control. Plus you'll learn a bunch of safety stuff thrown in along the way.

First class will start at **2:00 PM sharp on Saturday March 17, 2018**. The last track session will end about 6PM. As a group, those who wish to gather for lunch beforehand, I will pick a lunch spot somewhere around Benbrook (I'm open for suggestions).

To sign up you will need to get a check to me made out to "Motorsports Ranch" for the amount of \$95 per driver to reserve one of the limited spots, first come, first gets. If you would like to share a car with your Guy or Gal, PLEASE contact me for details before giving me money. If you have any questions at all or wish to mail me a check, here's the info you need:

# Club Track Day at Motorsports Ranch Cresson Schedule

March 17, 2018

[Mike Krieger](#) - Coordinator

Have you ever been on a nice back road that has great flowing turns and just wish you could safely use both lanes and crack that throttle on the straights without worry about oncoming traffic...or COPS? Then come join us for an "Entry Level" track day (afternoon) at Motorsport Ranch in Cresson, TX. This event is setup for the Beginner, the First Timer, the newbies and those who just want to safely get a little wheel time in a Corvette without their other half in your ear giving advice/directions (ladies, I'm referring to you).

***This is NOT RACING!*** This is a very condensed version of an HPDE day, all packed into 4 hours of classes and track sessions. **WARNING! TRACKING IS HIGHLY ADDICTIVE!** We often refer to this as "Track Crack"; once you have experience real cornering dynamics, performance braking, apexing corners properly and smoothly transitioning between corners and straight, you will be hooked for life!

Here's the Event Schedule:

2:00 – 2:25 Class I (everyone attends)

2:30 – 2:45 Lead & Follow Session #1 (everyone on track, in groups)

2:45 – 3:10 Class II (everyone attends)

3:15 – 3:30 Lead & Follow Session #2 (everyone on track, in groups)

3:30 – 3:55 Class III (everyone attends)

4:30 – 4:50 Open Session for the Ladies

4:50 – 5:10 Open Session for the Guys

5:10 – 5:30 Open Session for the Ladies

5:30 – 5:50 Open Session for the Guys

Sometime around 11:30 or so, we will all meet up someplace around Benbrook for lunch (I'm open for suggestions) before heading on down to Cresson to start our track time.

***There is NO sign-up sheet for this event.*** You sign-up by giving me a check made out to "Motorsports Ranch" for the amount of \$95 per driver (sorry, no car sharing). This is a "Rain or Shine event! There are only a total of 32 slots available, 16 ladies and 16 guys. I have to turn in all money and attending drivers list by March 1<sup>st</sup>. Do not wait until then, you may wind up being be a spectator rather than a driver. As of the Club Christmas Dinner, open slots were 25% filled.

# LSCC End of Summer Big Trip 2018 – VETTES on the ROCKIES

[Mike & Michele Woolsey](#) - Coordinator

Roads and scenery like this are a big part what make a road trip to Colorado truly inspiring. The other part is doing it in your Corvette. These are the roads for which Corvettes were built, challenging, scenic and above all, fun. The current plan is to depart **Saturday, August 18 and return August 30**. We plan to attend the Vettes on the Rockies (VOTR) event, put on by Looking Glass Corvette Association (LGCA), in Steamboat Springs, CO. The VOTR event takes place Thursday evening (8/23) thru Sunday morning (8/26) breakfast. Registration opens February 12, 2018. LGCA encourages early registration as they expect a full house and a waiting list. A growing list of the event activities as well as other fun stuff to do in the area is now being shown on their website (<https://www.lgcacorvette.org/votr-activities>).

At least half the fun is going to be just getting there. Things get off to a fast start Saturday evening with dinner at the Big Texan Steak Ranch in Amarillo. The 72 oz. steak dinner is free if you eat it all in an hour. Perhaps we'll have someone up to the challenge. Following dinner is the last performance for 2018 of the Outdoor Musical "Texas" at The Pioneer Amphitheater in Palo Duro Canyon State Park.

- ☐ The Big Texan Steak Ranch - <https://www.bigtexan.com/>
- ☐ Outdoor Musical "Texas" - <http://www.texas-show.com/>

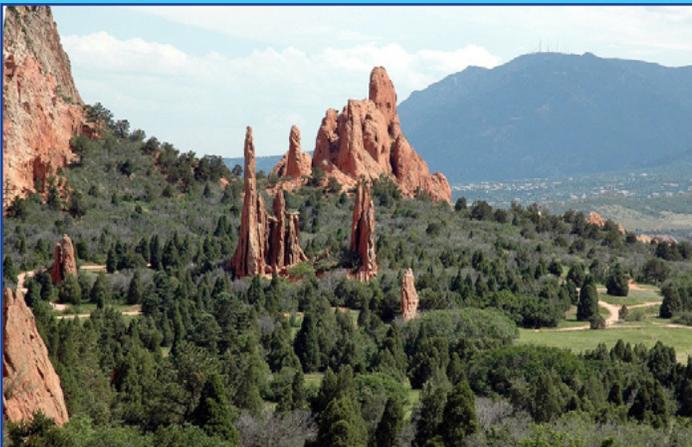

Sunday takes us as far as Colorado Springs, but not until we've had a chance to stop and do some art work at Cadillac Ranch. The Caddies have taken a beating over the years, but it's still fun to paint them up. You will likely hear several different languages spoken here as it has become an international tourist destination. Best to buy your spray paint before you leave Amarillo. Hint: It's best to have two contrasting colors so that you can create your own canvas.

We plan to spend Sunday and Monday nights in Colorado Springs, giving us a full day Monday to see and do. I'm not sure we can see and do it all, but folks will have a large selection from which to choose. Some suggestions are:

- Pikes Peak – Take the train. <http://www.cograilway.com/pikes-peak.asp> or drive up (fully paved)
- Garden of the Gods - <https://www.gardenofgods.com/> Great photo opportunities and a peaceful place to relax and spend some time in contemplation.

- The U.S. A. F. Academy Chapel is an awe inspiring sight - <https://www.usafa.edu/>
- U. S. Olympic Training Center – world class cars paired with world class athletes - <https://www.teamusa.org/about-the-usoc/olympic-training-centers/csotc/tours>
  - You may have a chance to meet and/or watch some of our athletes in action.
- The National Museum of World War II Aviation – <http://www.worldwariiaviation.org/> Impressive selection of aircraft and displays. Things that go fast and make noise are good anytime.

•

•

☐ **Zip Line!!** - <https://www.broadmoor.com/broadmoor-adventures/soaring-adventures/>

• There are several courses to choose from, but the one that traverses the Seven-Falls area sounds like a ton of fun. This could end up being a group event if there is enough interest. This is one of the top rated zip lines in the world.

•

☐ What could be better than following up a soaring adventure with a great dinner in a beautiful location? Perhaps dinner at the Restaurant 1858 will provide a fitting end to the day.

This ends Day 2 of the trip. I'm getting excited just thinking about it. I am open to suggestions about other things to include in the area. The more alternatives we have, the more fun we can have. The idea is to let people pick and choose what they have an interest in. If we have enough for one venue, we'll try to get a group rate if applicable/possible.

# LSCC End of Summer Trip 2018 – VETTES on the ROCKIES

In order to register for the trip logon to the club website and go to the calendar. Run forward to August. There will be a link to take you to the sign-up page. You will need to:

- [Sign up for the trip](#). This will let us know who is planning to go
- Make your hotel reservations for VOTR. We are staying at the Steamboat Springs Grand Resort, which is the epicenter of VOTR. Be sure to let them know that you are there for VOTR so you get the discounted room rate. We will be there from Thursday night until Sunday morning, so you will need a room for Thursday, Friday and Saturday nights (8/23 – 8/25). Make your reservations as soon as you can. Rooms are going quickly. The hotel staff is amazed.
- Register for the event. Registration opens 2/12/18. The registration materials are available on the Looking Glass Corvette Association website beginning 2/5/18. There is a link to their site on the sign-up page.

Please let me ([Mike Woolsey](#)) know if you have any questions.

After a full day of play and adventure in Colorado Springs, Tuesday morning finds us heading out to Denver. It's only a short drive, so we will have most of the day to enjoy the offerings of this scenic locale.

Some entertainment choices in and around Denver include:

- Molly Brown's (The Unsinkable) House - <https://mollybrown.org/>
- Buffalo Bill Cody – Grave and museum at the summit of Lookout Mountain in Golden. Great views of Denver and the plains, plus one more famous gravesite visited. <http://www.buffalobill.org/>
- Forney Museum of Transportation - <http://www.forneymuseum.org/> It has everything from stage coaches to steam locomotives, automobiles and an airplane or two.
- Red Rock Amphitheater - <http://redrockonline.com/> An iconic and scenic natural amphitheater.
- Coors Brewery – Golden Colorado – This is a fun and interesting tour. The only place in the world that Coors is brewed. <https://www.millercoors.com/av?url=https://www.millercoors.com/breweries/coors-brewing-company/tours>
- Clive Cussler - [https://en.wikipedia.org/wiki/Clive\\_Cussler](https://en.wikipedia.org/wiki/Clive_Cussler) - auto museum. Cussler's primary protagonist, Dirk Pitt, has quite a collection of classic and unusual automobiles. Cussler himself also has quite a collection. <http://www.cusslermuseum.com/>

- 

• Wednesday finds us heading up into the mountains through Boulder and Big Thompson Canyon to the bustling tourist mecca of Estes Park. If you need T-shirts, fudge, blown glass, or other artwork, this could be a good place to stock up. We should be in Estes Park by noon, leaving plenty of time for bead and trinket hunting in the various shops and stores that abound in the town, maybe even a horseback ride. I hope that we will be able to stay at the historic Stanley Hotel. I stayed there for the first time when I was there at age 11 with my grandparents, so it is certified to be really old. There are ghost tours and all kinds of fun stuff.

• Stanley Hotel - <http://www.stanleyhotel.com/>

Estes Park is a town built for walking. It's hard to get too much fudge and ice cream. Thursday morning finds us headed out through Rocky Mountain National Park via Trail Ridge Road. Read more about that next month.

# National Corvette Museum 25th Caravan

27 Aug - 31 Aug 2019

[Curt Troster](#) - Coordinator

In August of 2019, hundreds of Corvettes from all points of North America will converge on The National Corvette Museum in Bowling Green, Kentucky. This is known as the National Corvette Caravan, which celebrates every 5th anniversary of the NCM. There are all sorts of activities planned at the Museum from the 28th through the 31st.

LSCC is organizing a Caravan leaving the DFW area on Tuesday, August 27, 2019, merging with caravans from Arizona, New Mexico, and other parts of Texas. Our first stop will be Little Rock, Arkansas, where will meet the Arkansas caravan for an evening function hosted by Bale Chevrolet. On the following day, August 28th, our grand caravan will depart for Bowling Green for arrival that evening.

I know this is still over a year and a half away, but it takes a lot to plan this event. My wife Sharon and I are once again local leaders for this event. If you have never been on one of these caravans it is quite an experience. At one point on the 2009 caravan there were 15 miles of Corvettes on one of the Interstates going to Bowling Green. For more info go to [nationalcorvettecaravan.com](http://nationalcorvettecaravan.com) or email me, Curt Troster, at [curtis.troster@xerox.com](mailto:curtis.troster@xerox.com).

You will notice this all happens the week before Labor Day, 2019. I need a general head count to give to the Arkansas Caravan group, so they know how many people to plan to accommodate at Bale Chevrolet. If you are interested please sign up as soon as possible. Hotel and other info will follow.

# CLASSIC AUCTIONS: HOW YOU CAN HELP

[Linda Shellberg](#) - Live Auction Coordinator

[Mary Ann Scheppler](#) - Silent Auction Coordinator

How can I help? We hear that all the time from LSCC members, especially when we're talking about raising money for our beneficiaries. We all want to do our part, and one of the best ways to do that is to come up with items to auction off at the Lone Star Corvette Classic.

The Classic is an annual 3-day Event held each May at Texas Motor Speedway. The Classic Auction now generates around \$25K, which is split 40% to Speedway Children's Charities, 40% to The National Corvette Museum, and 20% to our Rotating Charity.

## Here's some items that sell very well in the Silent Auction:

- Toiletries, makeup, and perfume baskets
- Car cleaning supply baskets
- Wine baskets
- Corvette-related jewelry
- Framed Corvette-related prints, posters and photographs
- "Man-Cave" or Garage items
- Corvette and car-related books and paperbacks
- New or gently-used after-market Corvette accessories
- Corvette-related luggage, bags, purses, billfolds
- Restaurant gift certificates
- Hand-made craft items
- Diecasts and hot wheels

## For the Live Auction, these bring big money:

- Items with celebrity autographs, especially Corvette-related
- Tours and tickets to exclusive places (charter plane tours )
- Hotel gift certificates
- Rare or high-end jewelry
- Rare Corvette memorabilia (book signed by Ed Cole, for example )
- Certificates for wheels, exhausts, headers
- Hand-made quilts

## What you can do:

- Ask the people you do business with for donations
- At the Club Meetings, if you win something in the RAFFLE you already have, donate it to the Auction
- Ask the restaurant where you eat regularly to donate a gift certificate
- When you're at a yard sale, garage sale or craft fair, pick up inexpensive items that can be grouped into gift baskets

You can bring your items with you to the monthly Club meetings; if you have a large item, let us know ahead of time – Linda - [lrbag@aol.com](mailto:lrbag@aol.com); Mary Ann – [mascheppler@gmail.com](mailto:mascheppler@gmail.com). We need everything no later than the Club Meeting in May. Let's get busy!

## 2018 Rotating Charity

It's time to start thinking about helping your favorite charity. Each year, LSCC selects a non-profit organization to receive a portion of the Auction proceeds from the Lone Star Corvette Classic. In 2018, the selection process will take place in February. Articles from nominated organizations will be due by **January 20th** and will be published in the February Newsletter. Submit your articles here at [lscnewsletter@yahoo.com](mailto:lscnewsletter@yahoo.com).

Presentations from the nominated organizations will be part of the February Club Meeting agenda, and voting will take place online shortly thereafter.

Following the guidelines will give your nominee the best chance of being selected; please print a copy and share with your organization. This document is also posted on the Club website under the Information tab and can be downloaded, and will be available in paper form at the November and December Club meetings. ### [Tips for Successful Rotating Charity Presentations](#)

# What Can We Do To Help?

By Linda Shellberg

One of the purposes for which Lone Star Corvette Club was organized is to “Promote community involvement through charitable activities.” Giving back to our community through volunteer activities and donations is a core value of our Club. In order to make community involvement accessible to all Members, the Board of Directors is proposing the establishment of a program called “What Can We Do To Help?”

On a quarterly basis, Officers will review a list, submitted by Club Members, of worthwhile organizations that will benefit from volunteers or donations from the Club.

Eligible organizations meet these criteria:

- Operate as a 501C(3) entity.
- Serve their local community.
- Welcome assistance from the Lone Star Corvette Club.

Responsibilities of the Club Member seeking assistance for charitable organizations:

- Submit a request in writing, including full information about the organization and a specific request for assistance, to the Club President.
- Act as liaison between the organization and LSCC.
- Conduct due diligence on the organization’s mission and service to the community.
- Serve as coordinator or assistant coordinator for the LSCC volunteers, or coordinate delivery of items donated to the organization.

Requests for assistance will be reviewed prior to the 1<sup>st</sup> month of each calendar quarter, and the approved requests will be announced at the 1<sup>st</sup> Club Meeting of each quarter. At that meeting, plans for providing assistance to the approved organization will be presented to the Membership.

# Tips For A Successful Rotating Charity Presentation

## Lone Star Corvette Club

One of the core values of Lone Star Corvette Club (LSCC) is giving back to our community. Each year, LSCC members select a Rotating Charity, which will receive a portion of the funds raised in the Auctions at our annual event, the Lone Star Corvette Classic. The Classic takes place in May of each year, and proceeds from the Auction are distributed to the Club's beneficiaries in the Fall.

LSCC hosts presentations from Rotating Charity candidates at a Club Meeting in the 1<sup>st</sup> quarter of the year. Following the presentations, members vote, and the organization receiving the most votes is named the Rotating Charity for that year.

The following requirements for eligible organizations must be met:

- Sponsored by an LSCC Member.
- Provision of documentation of a 501C(3) designation from the IRS.
- Presentation of the organization's mission and service at the designated Club meeting.
- Provision of a short article for the Club Newsletter. The organization should include their mission, goals, activities, and beneficiaries.

Here's a few tips to make your organization stand out:

- Put your best foot forward at the presentation: videos, slideshows ,demonstrations, testimonials, and brochures featuring your organization are all encouraged.
- Make sure your presentation clearly answers these questions:
  - What is your mission?
  - What percentage of your organization's revenue goes toward your mission?
  - Who receives assistance from your group? How do you select your recipients?
  - How are you funded? Do you receive funds from national organizations?
  - Do you use volunteers? Where and how do you get volunteers?

Historically, Rotating Charities that do these things are the most successful:

- Make your appeal personal – our members want to know who you are helping. If you can introduce us to a recipient, or can relate a personal story, it helps us understand what you do and who benefits from your work
- Tell us why you need our help specifically – are you a local group, a group that does not have access to national funding, a group that assists a small segment of society?
- Talk to the member sponsoring your organization, or contact an LSCC Officer, and get to know our Club; tailor your presentation to the LSCC membership.

We greatly appreciate your time and effort to make these presentations. If you have questions, use the Club website, [www.lonestarcorvetteclub.com](http://www.lonestarcorvetteclub.com) to, "Contact Us". Feel free to call any Officer, we're happy to talk with you!

## Top O' Hill Terrace Historic Site

Nominated by Clark Kirby

### SIGNIFICANCE

Top O' Hill Terrace, in Arlington, was founded in 1921 as a restaurant with a tea garden that had a scenic view of Fort Worth to the West. In 1927, at the height of Prohibition, Fred Browning, bought the restaurant and its 35 acres of land. Shortly thereafter, the Top O' Hill Terrace was converted into a "speakeasy": an illegal casino, bordello and nightclub. It soon became a popular destination for the rich, the notorious, the famous and the infamous. It is now known as the "Vegas" before Las Vegas because of its comprehensive offerings of sin and its perks for gamblers.

From day one, Top O' Hill Terrace became the favorite target of firebrand Fort Worth preacher Rev. J. Frank Norris, the pastor of Ft. Worth's First Baptist Church. The Reverend, who was nationally known due to his radio ministry, built his reputation as a crusader against alcohol, prostitution and gambling. For decades, the casino used manned gates and alarms to warn of a raid. Alarms rang while the gatekeeper stalled the law and gambling equipment was stashed behind trap doors in the walls. Those wanted by the law would disappear, with their gambling winnings, through underground tunnels dug for such a purpose. In 1947, one final raid by four Texas Rangers, was successful at Top O' Hill Terrace.

It is believed that Top O' Hill Terrace is unique due to the fact that the site is the country's only casino-turned-seminary. Its unusual story deserves to be kept alive as part of local history. With the loss of the "Skyliner Ballroom" in Fort Worth (demolished 1969) and Galveston's "Balinese Room" pier having been washed away by a hurricane (2008), Top O' Hill Terrace is the only survivor of this type of illegal establishment in Texas.

### ENDANGERMENT

The place is aptly named as it sits on top of a hill. The Western portion of the property is a high bluff, overlooking the Trinity River Valley to the North and the City of Fort Worth to the West. Some years ago, due to erosion on the bluff, one of the major retaining walls supporting the Tea Garden collapsed. As a result, one of the corners of the Tea Garden, where Sally Rand and Her Famous Fans once performed, is in imminent danger of sliding down the hill, to be lost forever.

# Minnie's Food Pantry

Nominated by Rick and Virginia Herrick

**Mission Statement:** To provide healthy meals and resources by way of red carpet treatment to families in need.

On April 1, 2008, Minnie's Food Pantry opened our doors with the tagline of "Hunger is NO Joke". Almost 9 years later, we continue to address food insecurity by reaching beyond our walls and bringing light to the issue of hunger on a national scale.

Minnie's Food Pantry is open to serve the public Wednesday-Friday and the 1st and 3rd Saturdays of each month from 8:30AM-11AM. As families enter through the pantry doors they are greeted with a smile and have the opportunity to walk the red carpet, where they are treated with dignity, integrity and respect for others.

#### Facts:

- All clients served at MFP live below the poverty line.
- Over 21 Million children rely on free/reduced lunches nationwide. MFP services over 900 of these students from our county.
- Food insecurity in children is proven to lead to lower scores in school as well as behavioral problems.
- MFP provides supplemental food to an average of 5,000 individuals per month.
- To date, MFP has distributed over 5.1 million meals to families in need.
- To date, MFP has serviced over 420,000 individuals from the North Texas area
- \$1 provides 3 meals to a person in need.
- 1 meal=1.2lbs
- MFP delivers toiletry items and food to over 160 senior citizens and homeless in the area each month

Minnie's Food Pantry is 100 percent donor-funded and all donations are tax deductible. Your support of our organization is vital to the fight against hunger and ensuring that every person that we serve receives one of life's non-negotiable items: food. With your generous support, Minnie's Food Pantry will be able to continue to roll out the red carpet and serve families in need. We consider it a blessing to be able to be the hands that serve on your behalf. Thank you in advance for your continued support of Minnie's Food Pantry.

## YMCA CAMP GRADY SPRUCE

Nominated by Johnny and Edie Downs

Every day, YMCA Camp Grady Spruce works with our community to offer lasting personal change by nurturing the potential of children and teens, improving the community's health and well-being, and providing opportunities for individuals to give back. Through three program thrusts - 1.) Summer Overnight Camp (8-16 age group), 2.) Outdoor Education (5<sup>th</sup> graders) and 3.) Weekend Retreats. Camp delivers the unique ability to break down economic, racial, geographic, religious, ethnic and social barriers. Camp celebrates diversity and promotes understanding. And open-hearted children become open-minded adults.

The activities at Camp Grady Spruce give each camper an opportunity to build confidence and practice good character development by teaching the values of respect, caring, responsibility and honesty. Our teens and young adults receive hands on training, mentoring and coaching through the Counselor-In-Training program and summer long staff development.

Thousands of employers' report that nearly 30 of college graduates have deficient leadership skills. Camp can help fill this gap.

The rise in childhood obesity and lack of exercise is a growing concern among our healthcare providers. Camp teaches kids how to be active by introducing them to outdoor activities and life-enhancing skills.

At Camp Grady Spruce, the Outdoor Education program helps teachers educate students about the interrelationship and interdependence between man and the environment. This outdoor learning experience offers new ways of learning and appreciating our natural resources. Exposure to nature can reduce a child's stress by as much as 28%.

WE BELIEVE ALL KIDS SHOULD GO TO CAMP. Each year, we campaign for donations which gives scholarships to campers who cannot afford the entire camp fee and whose presence at camp will broaden the composition of the camp community.

Selection as the Rotating Charity will allow Camp Grady Spruce to make a difference in the lives of more young people.

## Heroes on the Water

Nominated by Norman Glowicz

Heroes on the Water helps our Nation's warriors and veterans from all branches of the United States military unwind using the therapeutic qualities of fishing from kayaks. What looks like a day trip of paddling and fishing is in fact something much deeper and long-lasting.

Founded in 2007, our unique kayak fishing program allows the participants a chance to decompress from the stresses associated with combat and the physical rigors of rehabilitation. Warriors enjoy these benefits while on guided fishing trips held in local communities around the country.

Participants receive basic kayak fishing and paddling instruction, angling clinics and paddling classes for participants with skill sets ranging from beginners to the most experienced paddlers.

The program also assists these personnel in adapting these newly developed skills to their new abilities. Adaptive kayaks, kayaking accessories and angling equipment is offered on an as needed basis to accommodate a soldier's particular needs.

Our program is unique in that it is a long-term activity, not a one-time event. We believe that the effectiveness of the program is a direct result of engaging the wounded military personnel for the long-term.

One soldier, at the Center for the Intrepid, called what we do "Triple Therapy" or "all at once therapy." On post he has to go to the gym for physical therapy, then go upstairs for his occupational therapy, and then go to the psychologist for mental therapy. With kayak fishing he gets it all at once – physical therapy from paddling and fishing, occupational therapy learning a lifetime sport/activity, and mental therapy from relaxing in nature with no distractions or expectations of performance.

## Our Founder

### Mr. Chris Heisler

As The Honor Network President and CEO, Chris Heisler is charged with upholding the organization's mission to remind Americans of the sacrifices made by the men and women in uniform; a subject with which he has first-hand knowledge.

In April of 2003, Chris put his career on hold and enlisted in the United States Army. He participated in a special program with the U.S. Army Criminal Investigation Command where he utilized his extensive IT background to help develop a gang member intelligence database that was used by area police and federal law enforcement. As part of the 101st Airborne Division in Iraq, Chris was instrumental in providing U.S. Service Men and Women with invaluable communication tools, such as internet and telephone access, and secured communication.

Chris is a retired U.S. Army Nuclear, Biological and Chemical NCO. Chris has experienced success in the professional world also. He recently medically retired as a federal energy compliance and regulations director for Sungard. In 2009, he received a congressional nomination to sit on the NERC standards board.

## Our Story

### The Honor Network

The Honor Network is a 501(c)(3) Nonprofit Organization dedicated to memorializing those Heroes who made the ultimate sacrifice for their family, community, and country. It also serves to foster education of the American public regarding all Heroes, past and present, and their organizations, including police, fire, and our Nation's Military. The Honor Network was founded on the conviction that every person who is committed in service to our communities and country deserves the support of every single American, and that an increase in American Patriotism is vital in keeping our great nation united.

### The U.S. Honor Flag

Shortly after the September 11, 2001 attacks, a flag was gifted to Chris Heisler by the Texas House of Representatives. Like many Americans, Mr. Heisler felt compelled to take action during a horrific time for the United States, and with this flag in tow, he set out for Ground Zero. Along the way, Mr. Heisler helped to organize one of the longest police motorcades in the history of the United States, bound for Ground Zero bringing many tokens of support to our Nation's Heroes.

Since September 2001, the United States Honor Flag has paid tribute to those who have lost their lives in the line of duty, protecting our lives, our homes, and our country.

### Staff

The Honor Network is comprised of patriots from all over the nation who have dedicated their time to Education, Inspiration and the continued Honoring of our Nation's Heroes.

### K-9 "Major"

Major is a 2 year old Labrador who has been officially certified as the K-9 partner of Chris Heisler and the United States Honor Flag.
